

A short review on World War II and How it Affects You Today by Richard J Maybury!

1. What are the ten things that lead to war?
2. Who are the “usual suspects” and why are they given that title?
3. What part did economics play in WWII?
4. What kind of leanings did FDR have? How did that affect his decision to make an alliance with Stalin?
5. Politics makes strange bedfellows. How did WWI and WWII illustrate this proverb?
6. How did the “Cold War” result from WWII and FDR’s decisions?
