APOLOGETICS: DEFENDING THE CHRISTIAN FAITH

It is natural during the teen years for girls and guys to question orthodox Christianity as they are beginning to have their OWN relationship with God that is separate from their parents. Allow them to question and be there with answers!!!! If they are planning to go to a secular university or college, apologetics is a

MUST!!!! There is a strong attempt to belittle Christianity and undermine faith in Jesus in ALL secular and some "Christian" colleges. Arm your children so they will win the war against their souls! Summit Ministries

RELATIONSHIP WITH GOD

At this point in time, teenagers can function as mature believers in Jesus enjoying His Presence, praying and seeing God answer, digging into the Bible and learning truth, and serving in His family: the church. Teenagers are not the church of tomorrow, they are the church today!

Continue to set clear standards of right and wrong with appropriate consequences. Require adherence to Biblical principles! But realize that rules without relationship breeds rebellion. Make your relationship with your teen a priority and have fun together. Also share Jesus together. Pray. Share what God is teaching you in you devotional times. Serve and minister to others together, especially sharing the Gospel. Remember teens want to be passionate and zealous for something: let it be Jesus!
